A Culture of Caring

Presidents' Letter

I just got back from the annual conference in Nashville. It was a great conference with many great speakers and workshops. One of the keynote speakers, C.C. Nukols, Ph.D. spoke on neuropsychology and treatment with trauma victims. He is going to present to us on November 10, 2006 on the **Neuroscience of Recovery** for 7 CEU's. A separate notification has been sent out. Please make your

reservations early. He is an incredible presenter and you will not want to miss this.

October 24, 2006 Chapter Meeting

Our October speaker, Cary Terra, IMF, will be speaking on working with children using play therapy. She specializes in working with children who have experienced trauma and abuse.

Join us for an informal training on play therapy. Find out who it can help, how it works, and when it is indicated for children, especially those who have experienced trauma.

This workshop will give you an understanding of:

- The impact of trauma on children
- The techniques of play therapy and why they work
- The special technique of Sandplay
- Directive versus nondirective play therapy
- How play therapy looks in action: a vignette

Presenter: Cary Terra, IMF

Cary Terra is a Registered Marriage and Family Therapist Intern in private practice in the University Heights area of San Diego. She specializes in play therapy with children, including children with home or school difficulties, as well as those who have suffered trauma or abuse.

I hope to see all of you on October 24. Don't forget to RSVP no later than October 20, by contacting Jenny Gulczynski by email: jgulczynski@apibhs.com, or call her at 619-667-6152. See our new cancellation policy below.

In health,

Linda Erwin-Gallagher, MFT, CEAP, President
